4. Work Experience

Edison Nation: Charlotte, NC (Present)

Web/UX Designer

I am part of a small web development team responsible for the daily maintenance of a large website and forum community. I also create supplemental graphics, help develop new layouts when needed, design eblasts, and assist with design and development for Edison Nation's sister company, Enventys.

Indievision: Charlotte, NC (2009–2010)

Print and Web Designer/Front End Developer

I created print designs, websites, and spearheaded brand development for various regional and national companies. I also took on additional duties in creating dynamic, WordPress-powered sites. Some Flash and Cinema 4D work was also involved.

ABZ Design Group: Charlotte, NC (2008)

Production Assistant

Supported the design team by assisting with photo editing, typesetting, proofreading, and other production-related aspects.
